BID BOND (See instructions on reverse)	DATE BOND EXECUTED (Must not be later than bid opening date)	FORM APPROVED OMB NO. 9000-0045
--	--	---

Public reporting burden for this collection of information is estimated to average 25 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the FAR Secretariat (VRS), Office of Federal Acquisition Policy, GSA, Washington, D.C. 20405; and to the Office of Management and Budget, Paperwork Reduction Project (9000-0045), Washington, D.C. 20503.

	STATE OF INCORPORATION

SURETY(IES) (Name and business address)

PENAL SUM OF BOND					BID IDENTIFICATION	
PERCENT OF BID PRICE	AMOUNT NOT TO EXCEED				BID DATE	INVITATION NO.
	MILLION(S)	THOUSAND(S)	HUNDRED(S)	CENTS		
					FOR (Construction, Supplies or Services)	

OBLIGATION:

We, the Principal and Surety(ies) are firmly bound to the United States of America (hereinafter called the Government) in the above penal sum. For payment of the penal sum, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally. However, where the Sureties are corporations acting as co-sureties with the Principal, we bind ourselves in such sum "jointly and severally" as well as "severally" only for the purpose of allowing a prosecution or actions against any or all of us. For all other purposes, each Surety binds itself, jointly and severally with the Principal, to the payment of the sum shown opposite the name of the Surety. If no limit of liability is indicated, the limit of liability is the full amount of the penal sum.

CONDITIONS:

The Principal has submitted the bid identified above.

THEREFORE:

The above obligation is void if the Principal - (a) upon receipt by the Government of the bid identified above, within the period specified therein for acceptance (sixty (60) days if no period is specified), executes the further contractual documents and gives the bond(s) required by the terms of the bid as accepted within the time specified (ten (10) days if no period is specified) after receipt of the forms by the principal; or (b) in the event of failure to execute such further contractual documents and give such bonds, pays the Government for any cost of procuring the work which exceeds the amount of the bid.

Each Surety executing this instrument agrees that its obligation is not impaired by any extension(s) of the time for acceptance of the bid that the Principal may grant to the Government. Notice to the surety(ies) of extension(s) are waived. However, waiver of the notice applies only to extensions aggregating not more than sixty (60) calendar days in addition to the period originally allowed for acceptance of the bid.

WITNESS:

The Principal and Surety(ies) executed this bid bond and affixed their seals on the above date.

INSTRUCTIONS

1. This form is authorized for use when a bid guaranty is required. Any deviation from this form will require the written approval of the Administrator of General Services.
2. Insert the full legal name and business address of the Principal in the space designated "Principal" on the face of the form. A authorized person shall sign the bond. Any person signing in a representative capacity (e.g., an attorney-in-fact) must furnish evidence of authority if that representative is not a member of the firm, partnership, or joint venture, or an officer of the corporation involved.
3. The bond may express penal sum as a percentage of the bid price. In these cases, the bond may state a maximum dollar limitation (e.g., 20% of the bid price but the amount not to exceed _____ dollars).
4. (a) Corporations executing the bond as sureties must appear on the Department of the Treasury's list of approved sureties and must act within the limitation listed therein. Where more than one corporate surety is involved, their names and addresses shall appear in the spaces (Surety A, Surety B, etc.) headed "CORPORATE SURETY(IES)." In the space designated "SURETY(IES)" on the face of the form insert only the letter identification of the sureties.
 (b) Where individual sureties are involved, a completed Affidavit of Individual Surety (Standard Form 28), for each individual surety shall accompany the bond. The Government may require the surety to furnish additional substantiating information concerning its financial capability.
5. Corporations executing the bond shall affix their corporate seals. Individuals shall execute the bond opposite the word "Corporate Seal"; and shall affix an adhesive seal if executed in Maine, New Hampshire, or any other jurisdiction requiring adhesive seals.
6. Type the name and title of each person signing this bond in the space provided.
7. In its application to negotiated contracts, the terms "bid" and "bidder" shall include "proposal" and "offeror."

OBLIGATION:

We, the Principal and Surety(ies), are firmly bound to the United States of America (hereinafter called the Government) in the above penal sum. For payment of the penal sum, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally. However, where the Sureties are corporations acting as co-sureties, we, the Sureties, bind ourselves in such sum "jointly and severally" as well as "severally" only for the purpose of allowing a joint action or actions against any one of us. For all other purposes, each Surety binds itself, jointly and severally with the Principal, for the payment of the sum shown opposite the name of the Surety. If no limit of liability is indicated, the limit of liability is the full amount of the penal sum.

CONDITIONS:

The Principal has entered into the contract identified above

THEREFORE

The above obligation is void if the Principal —

(a)(1) Performs and fulfills all the undertakings, covenants, terms, conditions, and agreements of the contract during the original term of the contract and any extensions thereof that are agreed to by the Government, with or without notice to the Surety(ies), and during the life of any guaranty required under the contract, and perform and fulfills all the undertakings, covenants, terms conditions, and agreements of any and all duly authorized modifications of the contract that hereafter are made. Notice of those modifications to the Surety(ies) are waived.

(b) Pays to the Government the full amount of the taxes imposed by the Government, if the said contract is subject to the Miller Act, (40 U.S.C. 270a-270e), which are collected, deducted, or withheld from wages paid by the Principal in carrying out the construction contract with respect to which this bond is furnished.

WITNESS

The Principal and Surety(ies) executed this performance bond and affixed their seals on the above date.

INSTRUCTIONS

1. This form is authorized for use in connection with Government contracts. Any deviation from this form will require the written approval of the Administrator of General Services.

2. Insert the full legal name and business address of the Principal in the space designated "Principal" on the face of the form. An authorization person shall sign the bond. Any person signing in a representative capacity (e.g., an attorney-in-fact) must furnish evidence of authority if that representative is not a member of the firm, partnership, or joint venture, or an officer of the corporation involved.

3. (a) Corporations executing the bond as sureties must appear on the Department of the Treasury's list of approved sureties and must act within the limitation listed therein. Where more than one corporate surety is involved, their names and addresses shall appear in the spaces (Surety A, Surety B, etc.) headed "CORPORATE

SURETY(IES)". In the space designated "SURETY(IES)" on the face of the form insert only the letter identification of the sureties.

(b) Where individual sureties are involved, two or more responsible persons shall execute the bond. A completed Affidavit of Individual Surety (Standard Form 28), for each individual surety, shall accompany the bond. The Government may require these sureties to furnish additional substantiating information concerning their financial capability.

4. Corporations executing the bond shall affix their corporate seals. Individuals shall execute the bond opposite the word "Corporate Seal", and shall affix an adhesive seal if executed in Maine, New Hampshire, or any other jurisdiction requiring adhesive seals.

5. Type the name and title of each person signing this bond in the space provided.

OBLIGATION:

We, the Principal and Surety(ies), are firmly bound to the United States of America (hereinafter called the Government) in the above penal sum. For payment of the penal sum, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally. However, where the Sureties are corporations acting as co-sureties, we, the Sureties, bind ourselves in such sum "jointly and severally" as well as "severally" only for the purpose of allowing a joint action or actions against any or all of us. For all other purposes, each Surety binds itself, jointly and severally with the Principal, for the payment of the sum shown opposite the name of the Surety. If no limit of liability is indicated, the limit of liability is the full amount of the penal sum.

CONDITIONS:

The above obligation is void if the Principal promptly makes good on all persons having a direct relationship with the Principal or a subcontractor of the Principal for furnishing labor, material or both in the prosecution of the work provided for in the contract identified above, and any authorized modifications of the contract or subsequently are made. Notice of those modifications to the Surety(ies) are waived.

WITNESS:

The Principal and Surety(ies) executed this payment bond and affixed their seals on the above date.

INSTRUCTIONS

1. This form, for the protection of persons supplying labor and material, is used when a payment bond is required under the Act of August 24, 1935, 49 Stat. 793 (40 U.S.C. 270 a-270e). Any deviation from this form will require the written approval of the Administrator of General Services.

2. Insert the full legal name and business address of the Principal in the space designated "Principal" on the face of the form. An authorized person shall sign the bond. Any person signing in a representative capacity (e.g., an attorney-in-fact) must furnish evidence of authority if that representative is not a member of the firm, partnership, or joint venture, or an officer of the corporation involved.

3. (a) Corporations executing the bond as sureties must appear on the Department of the Treasury's list of approved sureties and must act within the limitation listed therein. Where more than one corporate surety is involved, their names and addresses shall appear

in the spaces (Surety A, Surety B, etc.) headed "CORPORATE SURETY(IES)". In the space designated "SURETY(IES)" on the face of the form, insert only the letter identification of the sureties.

(b) Where individual sureties are involved, two or more responsible persons shall execute the bond. A completed Affidavit of Individual Surety (Standard Form 28), for each individual surety, shall accompany the bond. The Government may require these sureties to furnish additional substantiating information concerning their financial capability.

4. Corporations executing the bond shall affix their corporate seals. Individuals shall execute the bond opposite the word "Corporate Seal"; and shall affix an adhesive seal if executed in Maine, New Hampshire, or any other jurisdiction regarding adhesive seals.

5. Type the name and title of each person signing this bond in the space provided.

INSTRUCTIONS

1. Section I will be initiated by the Contractor in the required number of copies.
2. Each transmittal shall be numbered consecutively in the space provided for "Transmittal No.". This number, in addition to the contract number, will form a serial number for identifying each submittal. For new submittals or resubmittals mark the appropriate box; on resubmittals, insert transmittal number of last submission as well as the new submittal number.
3. The "Item No." will be the same "Item No." as indicated on ENG FORM 4288-R for each entry on this form.
4. Submittals requiring expeditious handling will be submitted on a separate form.
5. Separate transmittal form will be used for submittals under separate sections of the specifications.
6. A check shall be placed in the "Variation" column when a submittal is not in accordance with the plans and specifications--also, a written statement to that effect shall be included in the space provided for "Remarks".
7. Form is self-transmittal, letter of transmittal is not required.
8. When a sample of material or Manufacturer's Certificate of Compliance is transmitted, indicate "Sample" or "Certificate" in column c, Section I.
9. U.S. Army Corps of Engineers approving authority will assign action codes as indicated below in space provided in Section I, column i to each item submitted. In addition they will ensure enclosures are indicated and attached to the form prior to return to the contractor. The Contractor will assign action codes as indicated below in Section I, column g, to each item submitted.

THE FOLLOWING ACTION CODES ARE GIVEN TO ITEMS SUBMITTED

- | | |
|---|---|
| A -- Approved as submitted. | E -- Disapproved (See attached). |
| B -- Approved, except as noted on drawings. | F -- Receipt acknowledged. |
| C -- Approved, except as noted on drawings.
Refer to attached sheet resubmission required. | FX -- Receipt acknowledged, does not comply
as noted with contract requirements. |
| D -- Will be returned by separate correspondence. | G -- Other (<i>Specify</i>) |

10. Approval of items does not relieve the contractor from complying with all the requirements of the contract plans and specifications.

General Decision Number: IL030018 02/27/2004

General Decision Number: IL030018 02/27/2004

Superseded General Decision Number: IL020018

State: **Illinois**

Construction Types: Heavy (**Dredging**, and Marine)

Counties: **Illinois** Statewide.

MECHANICAL **DREDGING** (CLAMSHELL, DRAGLINE, AND BACKHOE) AND
MARINE CONSTRUCTION):

ILLINOIS, INDIANA, MICHIGAN, MINNESOTA, NEW YORK, OHIO,
PENNSYLVANIA AND WISCONSIN **DREDGING** AND MARINE CONSTRUCTION

Dredging and Marine Construction Projects: floating/land
equipment engaged in clamshell, backhoe and dragline **dredging**,
marine construction, bridges, salvage operations and cranes,
loaders, dozers, or other equipment used for disposal of dredge
spoils or marine construction materials on land at the slip or
dock, at the project site, where the above material/spoils is
being handled, and all equipment utilized on
breakwall/breakwater structures on the Great Lakes, Islands
therein, their connecting and tributary waters, including the
Illinois Waterway to the Lock at Lockport, **Illinois**, the New
York State Barge Canal System between Tonawanda, New York and
Waterford, New York and Oswego, New York, the Duluth-Superior
area to the Fond du Lac Bridge Crossing (Minnesota State
Highway 23) on the St. Louis River and on the St. Lawrence
River eastward to the International Boundary near St. Regis,
New York.

PAID HOLIDAYS (WHERE APPLICABLE):
A- NEW YEAR'S DAY
B- MEMORIAL DAY
C- INDEPENDENCE DAY
D- LABOR DAY
E- THANKSGIVING DAY
F- CHRISTMAS DAY
G- PRESIDENT'S DAY
H- VETERANS' DAY

FOOTNOTES:
a. \$30.10 per day per employee for medical
b. Eight paid holidays: A thru H
c. Hazardous/Toxic Waste Material:
*Level A \$2.50 per hour
*Level B 2.00 per hour
*Level C 1.00 per hour
*Level D 0.50 per hour

Such wages shall be above the classifications of work listed under mechanical **dredging** and Marine construction of this general wage decision. *Working with Hazardous Waste at this level as defined by the U. S. Enviromental Protection Agency.

CLASSIFICATION DESCRIPTIONS

Class I - Master Mechanic - assist and direct

Class II, Class III, and Class IV, diver/wet tender, engineer (hydraulic dredge)

Class II - Crane/Backhoe Operator and Mechanic/Welder, assistant engineer(hydraulic dredge), leverman (hydraulic dredge), diver/tender

Class III - Deck Equipment Operator (Machineryman)

Maintenance of Crane (over 50 ton capacity) or Backhoe (115,000 pounds or more), ug/launch operator, Loader/dozer and like equipment on Barge, breakwater wall, slip/dock, Scow, Deck Machinery, etc.

Class IV - Deck Equipment Operator(Machineryman/Fireman) (Four equipment units or more) and Crane Maintenance 50 ton capacity and under or Backhoe weighing 115,000 pounds or less, assistant tug operator.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.
=====

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

In the listing above, the "SU" designation means that rates listed under the identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
 - * a survey underlying a wage determination
 - * a Wage and Hour Division letter setting forth a position on a wage determination matter
 - * a conformance (additional classification and rate) ruling
- On survey related matters, initial contact, including requests

for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

CONTRACTOR ACCIDENT PREVENTION PLAN (APP) CHECKLIST (EM 385-1-1, Appendix-A)

NOTE: 1. Contractor will complete Checklist and Submit with their APP.

NOTE: 2. LRB-SO will review Contractor APP and return to PM / COR.

NOTE: 3. Contractor APP's ARE NOT APPROVED by the USACE, only found as Acceptable or Non-Acceptable.

Safety Office Review Status: ACCEPTED BY-DATE: _____ NOT ACCEPTED BY/DATE: _____

Contractor Name: _____

Contract No: _____

Project Title & Location:	Included ?			Page(s)
	Yes	No	N/A	
ALL CHECKLIST ITEMS WILL BE COMPLETED!				
1. SIGNATURE SHEET. Title, signature, and phone number of the following:				
a. plan preparer (corporate safety staff person, QC);				
b. plan approval, e.g., owner, company president, regional vice president (HTRW activities require approval of a Certified Industrial Hygienist (or qualified Industrial Hygiene personnel for in-house USACE activities; a Certified Safety Professional (or qualified USACE safety personnel for in-house work) may approve the plan for operations involving UST removal where contaminants are known to be petroleum, oils, or lubricants);				
c. plan concurrence (provide concurrence of other applicable corporate and project personnel (contractor)), e.g., Chief of Operations, Corporate Chief of Safety, Corporate Industrial Hygienist, project manager or superintendent, project safety professional, project QC.				
2. BACKGROUND INFORMATION. List the following:				
a. contractor;				
b. contract number;				
c. project name;				
d. brief project description, description of work to be performed, and location (map);				
e. contractor accident experience (provide information such as EMR, OSHA 200 Forms, corporate safety trend analyses);				
f. listing of phases of work and hazardous activities requiring activity hazards analyses.				
3. STATEMENT OF SAFETY AND HEALTH POLICY. (In addition to the corporate policy statement, a copy of the corporate safety program may provide a significant portion of the information required by the accident prevention plan.)				
4. RESPONSIBILITIES AND LINES OF AUTHORITIES.				
a. Identification and accountability of personnel responsible for safety - at both corporate and project level (contracts specifically requiring safety or industrial hygiene personnel should include a copy of their resume - the District Safety and Occupational Health Office will review the qualifications for acceptance).				
b. Lines of authority				
5. SUBCONTRACTORS AND SUPPLIERS. Provide the following:				
a. identification of subcontractors and suppliers (if known);				
b. means for controlling and coordinating subcontractors and suppliers;				
c. safety responsibilities of subcontractors and suppliers.				
6. TRAINING.				
a. List subjects to be discussed with employees in safety indoctrination.				
b. List mandatory training and certifications which are applicable to this project (e. g., explosive actuated tools, confined space entry, crane operator, diver, vehicle operator, HAZWOPER training and certification, personal protective equipment) and any requirements for periodic retraining/recertification.				
c. Identify requirements for emergency response training.				

CONTRACTOR ACCIDENT PREVENTION PLAN (APP) CHECKLIST (EM 385-1-1, Appendix-A)

NOTE: 1. Contractor will complete Checklist and Submit with their APP.

NOTE: 2. LRB-SO will review Contractor APP and return to PM / COR.

NOTE: 3. Contractor APP's ARE NOT APPROVED by the USACE, only found as Acceptable or Non-Acceptable.

Safety Office Review Status: ACCEPTED BY-DATE: _____ NOT ACCEPTED BY/DATE: _____

Contractor Name: _____

Contract No: _____

Project Title & Location:	Included ?			Page(s)
	Yes	No	N/A	
d. Outline requirements (who attends, when given, who will conduct etc.) for supervisory and employee safety meetings.				
7. SAFETY AND HEALTH INSPECTIONS. Provide details on:				
a. who will conduct safety inspections (e.g., project manager, safety professional, QC, supervisors, employees, etc.), when inspections will be conducted, how the inspections will be recorded, deficiency tracking system, follow-up procedures, etc;				
b. any external inspections/certifications which may be required (e.g., Coast Guard).				
8. SAFETY AND HEALTH EXPECTATIONS, INCENTIVE PROGRAMS, AND COMPLIANCE.				
a. The company's written safety program goals, objectives, and accident experience goals for this contract should be provided.				
b. A brief description of the company's safety incentive programs (if any) should be provided.				
c. Policies and procedures regarding noncompliance with safety requirements (to include disciplinary actions for violation of safety requirements) should be identified.				
d. Provide written company procedures for holding managers and supervisors accountable for safety.				
9. ACCIDENT REPORTING. The contractor shall identify who shall complete the following, how, and when:				
a. exposure data (man-hours worked);				
b. accident investigations, reports and logs;				
c. immediate notification of major accidents.				
10. MEDICAL SUPPORT. Outline on-site medical support and off-site medical arrangements.				
11. PERSONAL PROTECTIVE EQUIPMENT. Outline procedures (who, when, how) for conducting hazard assessments and written certifications for use of personal protective equipment.				
12. PLANS (PROGRAMS, PROCEDURES) REQUIRED BY THE SAFETY MANUAL (as applicable).				
a. Hazard Communication (HAZCOM) Program (01.B.04);				
b. Emergency Response Plans that include:				
- procedures & test (01.E.01)				
- spill plans (01.E.06.A.02)				
- firefighting plan (01.E.01, 19.A.04)				
- posting of emergency telephone numbers (01.E.04)				
- wildfire prevention plan (09.K.01)				
- man overboard/abandon ship (19.A.04)				
c. layout plans (04.A.01);				
d. respiratory protection plan (05.E.01);				
e. health hazard control program (06.A.02);				
f. lead abatement plan (06.B.05 & specifications);				

CONTRACTOR ACCIDENT PREVENTION PLAN (APP) CHECKLIST (EM 385-1-1, Appendix-A)

NOTE: 1. Contractor will complete Checklist and Submit with their APP.

NOTE: 2. LRB-SO will review Contractor APP and return to PM / COR.

NOTE: 3. Contractor APP's ARE NOT APPROVED by the USACE, only found as Acceptable or Non-Acceptable.

- c. Project Name: *Enter Name of Project*
- d. Project Description: *Enter description of work*
- e. The Major definable features of work are listed in the Quality Control Plan. An Activity Hazard Analysis (AHA) will be prepared for each Major Definable Feature of Work. AHAs will be prepared in accordance with the format shown on page 4 of EM 385-1-1 and will be presented and discussed at the Preparatory Phase Inspection for the applicable feature of work.

3. STATEMENT OF SAFETY AND HEALTH POLICY

Enter statement which describes the company's commitment to safety.

4. RESPONSIBILITIES AND LINES OF AUTHORITIES

- a. *Name - Describe responsibility and accountability of personnel responsible for safety at corporate level.*
- b. *Name - Describe responsibility and accountability of personnel responsible for safety at project level.*
- c. Lines of authority - *Describe lines of authority (as related to safety) for this project.*

5. SUBCONTRACTORS AND SUPPLIERS.

- a. The following subcontractors will be working on this project:
 - 1. *List (or none)*
- b. The CQC System Manger **NAME** will be responsible for controlling and coordinating subcontractors and suppliers.
- c. All subcontractors and suppliers performing work on site will be expected to conform to the requirements of this Accident Prevention Plan and to the requirements of EM 385-1-1.

6. TRAINING.

- a. Each employee will receive a safety indoctrination consisting of a thorough review of applicable AHA's.
- b. The following is a list of training and certifications which are applicable to this project:

1. Confined Space Entry
2. HAZWOPER Training and Certification
3. Personal Protective Equipment
4. First Aid and CPR
5. Man overboard rescue
6. Emergency Response Plan
7. *Other*

c. Weekly toolbox safety meeting will be conducted at *TIME* every *ENTER DAY OF WEEK*. Each on site worker will be required to attend. Attendance will be documented. *Name* will be responsible for conducting these meetings.

7. SAFETY AND HEALTH INSPECTIONS.

a. *Name* will conduct site safety inspections on a daily basis. Any noted deficiencies will be identified on that day's CQC Report. Deficiencies will be tracked using the table included as Attachment # to this Accident Prevention Plan.

b. The following external inspections/certifications are required for this project:

List or enter "None Required".

8. SAFETY AND HEALTH EXPECTATIONS, INCENTIVE PROGRAMS, AND COMPLIANCE

a. *Provide a statement or statements describing the company's written safety program goals, objectives, and accident experience goals for this contract.*

b. *Provide a brief description of the company's safety incentive programs (if any). If none, so state.*

c. *Provide a discussion of the company's policies and procedures regarding noncompliance with safety requirements (to include disciplinary actions for violation of safety requirements).*

d. *Provide written company procedures for holding managers and supervisors accountable for safety.*

9. ACCIDENT REPORTING

a. *Name* will submit Monthly Manhour Exposure Reports to the Contracting Officer no later than the 5th work day of each month. The report encompasses on-site work including all hourly and salaried employees. The report will include all subcontractors working on this project.

b. *Name* will report all accidents and injuries no matter how slight. Furthermore, *Name* will immediately notify the Contracting Officer and District Safety Officer of any incidents involving fatality or permanent total disability, accidents in which three or more persons are hospitalized, accidents that result in property damage in excess of \$100,000 or any accident regardless of the consequences, if it is suspected that it will result in unfavorable criticism of the Corps of Engineers.

10. MEDICAL SUPPORT

a. A list of emergency telephone numbers and a map of directions to the nearest hospital(s) is included in the Emergency Response Plan section of this Accident Prevention Plan.

b. First aid kits will be maintained on site as required in Section 3 of EM 385-1-1.

(Provide plan view showing location of all first aid kits and fire extinguishers.)

c. At least two employees on each shift will be qualified to administer first aid and CPR. Individuals who are required to work alone in remote areas shall be trained in first aid. The following employees are certified in First Aid and CPR and a copy of their current certificates are included as Attachment # to this Accident Prevention Plan:

1. *List*

11. PERSONAL PROTECTIVE EQUIPMENT.

a. *Outline procedures (who, when, how) for conducting hazard assessments and written certifications for use of personal protective equipment.*

12. PLANS (PROGRAMS, PROCEDURES) REQUIRED BY THE SAFETY MANUAL (as applicable)

a. Hazard Communication (HAZCOM) Program (01.B.04)

Included as Attachment # to this Accident Prevention Plan is a written hazard communication program addressing as a minimum, the following: training (to include potential safety and health effects from exposure), labeling, current inventory of hazardous chemicals on site, and the location and use of Material Safety Data Sheets (MSDSs).

b. Emergency Response Plans (01.E.01, 01.E.05, 06.A.02, 19.A.04, 09.K.01 and 09.K.02)

An Emergency Response Plan is included as Attachment # to this Accident Prevention Plan. This Emergency Response Plan includes:

An Emergency Response Plan to ensure employee safety in case of fire or other emergency, including emergency telephone numbers and reporting instructions for ambulance, physician, hospital, fire, and police. Also a map of directions to the nearest hospital(s). This list and map shall be conspicuously posted at the work site

A Spill Response Plan including organizations with telephone numbers of individuals to contact in the event of a spill.

c. Layout plans (04.A.01) *(If applicable)*

Plans for the layout of temporary construction buildings, facilities, fencing and access routes and anchoring systems for temporary structure are included as Attachment # to this Accident Prevention Plan.

d. Respiratory Protection Plan (05.E.01) *(If applicable)*

Name of Company's Respiratory Protection Plan is included as Attachment # to this Accident Prevention Plan.

e. Health Hazard Control Program (06.A.02)

Activity Hazard Analyses (AHA's) shall consider all substances, agents and environments that present a hazard and will recommend hazard control measures. Engineering and administrative controls shall be used to control hazards. In cases where engineering or administrative controls are not feasible, PPE may be used. The AHA shall serve as certification that a hazard assessment has been conducted.

Operations, materials, and equipment involving potential exposure to hazardous substances, agents or environments will be evaluated by a qualified industrial hygienist, or other competent person, to formulate a hazard control program. The following hazardous substances, agents or environments have been identified:

List (This list may be revised during the performance of work on this project.)

f. Abrasive Blasting (06.H.01) (If applicable)

Operational procedures for abrasive blasting operations are included as Attachment # to this Accident Prevention Plan. Employees will be trained in these procedures and will be advised where these written procedures and health information are available on the premises for review.

g. Confined Space (06.I) (If applicable)

Name will inspect the work area and evaluate the potential for permit-required confined spaces (PRCSs). This inspection will occur before work begins, whenever the characteristics of spaces change in a way that could lead to a reclassification as a PRCS and at least annually. A list of confined spaces (permit required and non-permit required) will be maintained on site.

h. Hazardous Energy Control Plan (12.A.07) (If applicable)

A Hazardous Energy Control Plan meeting the requirements of section 12.A.07 of EM 385-1-1 is included as Attachment # to this Accident Prevention Plan.

i. Contingency Plan for Severe Weather (19.A.03)

A severe weather plan for floating plant is included as Attachment # to this Accident Prevention Plan.

j. Access and Haul Road Plan (21.I.10) (If applicable)

An access and haul road plan meeting the requirements of section 21.I.10 of EM 385-1-1 is included as Attachment # to this Accident Prevention Plan.

k. Diving Plan (30.A.13) (If applicable)

It is recognized that a Dive Plan is required for each separate diving operation. The Dive Plan will be prepared and submitted to the Government for review and approval a sufficient time in advance of each required dive. Diving will not occur until the Dive Plan is approved by the Government.

I. Plan for Prevention of Alcohol and Drug Abuse (Defense Federal Acquisition Regulation Supplement Subpart 252.223-7004, Drug-Free Work Force)

Name of Company's plan for prevention of Alcohol and Drug Abuse is included as Attachment # to the Accident Prevention Plan. This plan meets the minimum requirements of DFAR 252.223-7004.

13. Detailed site specific hazards and controls will be provided in the activity hazard analysis (AHA) for each phase of the operation (each Major Definable Feature of Work as defined by the Contractor Quality Control Plan). The AHA's will provide information on how the requirements of major sections of EM 385-1-1 will be met. Particular attention shall be paid to excavations, scaffolding, medical and first aid requirements, sanitation, personal protective equipment, fire prevention, machinery and mechanized equipment, electrical safety, public safety requirements, and chemical, physical agent, and biological occupational exposure prevention requirements. AHA's will be prepared utilizing the format shown on page 4 of EM 385-1-1.

Attachments (*where applicable*)

- Attachment # - Accident History
- Attachment # - Safety Deficiency Tracking Table
- Attachment # - Emergency Response Plan
- Attachment # - First Aid and CPR certificates
- Attachment # - Hazard Communication (HAZCOM) Program
- Attachment # - Layout plans
- Attachment # - Respiratory Protection Plan
- Attachment # - Abrasive Blasting Plan
- Attachment # - Permit-Required Confined Space Program
- Attachment # - Severe Weather Plan
- Attachment # - Plan for Prevention of Alcohol and Drug Abuse

NOTE: A Microsoft® Word file of the Environmental Protection Plan Template is included in the folder entitled “Template” on this CD-ROM.

ENVIRONMENTAL PROTECTION PLAN

Contract No. W912P4-04-B-0003

CONNEAUT HARBOR MAINTENANCE DREDGING

Name of Contractor

A. APPLICABLE LAWS, REGULATIONS, AND PERMITS

The following is a list of Federal, State, and local laws, regulations, and permits concerning environmental protection, pollution control, and abatement that are applicable to the proposed dredging operations:

Federal Water Pollution Control Act of 1972
Section 114 of the Clean Air Act
U.S. Coast Guard Regulation (33 CFR 156.120) Fuel Oil Transfer
EM 385-1-1, Spills and Clean up
Clean Water Act of 1977 (PL95-217) (33 U.S.C. 1344)
Marine Protection, Research, and Sanctuaries Act of 1972 (PL 92-532)
National Environmental Policy Act of 1969 (PL 91-910) (42USC 4321)
Fish and Wildlife Act of 1956 (16 U.S.C. 760c-760g)
Fish and Wildlife Coordination Act of 1968 (16 U.S.C. 661-665c)
Endangered Species Act of 1973 (16 U.S.C. 1531-1543)
Migratory Marine Game Fish Act of 1968 (16 U.S.C. 760c-760g)
National Historic Preservation Act of 1966 (16 U.S.C. 470)
Clean Air Act
Land and Water Conservation Fund Act of 1965
Watershed Protection and Flood Protection Act
Wild and Scenic Rivers Act of 1962
Rivers and Harbors Act of 1899, as amended
Coastal Zone Management Act
[Insert others as applicable]

B. PROTECTION OF ENVIRONMENTAL RESOURCES

1. Protection of Land Resources

a. Protection of the Landscape

- The following land resources to be preserved within the work area have been identified:

[Insert applicable land resources to be preserved within the work area]

- No removal, cutting, defacing, injury, or destruction to any land resources, including trees, shrubs, vines, grasses, topsoil and landforms, will occur without special permission from the Contracting Officer. No ropes, cables, or guys will be fastened or attached to any trees for anchorage unless specifically authorized. Effective protection for all land resources will be provided at all times.
- The landscape will be protected at all times. Any features indicated and defined on the drawings will be preserved and will be clearly identified by marking with tape or other approved techniques.
- Solid wastes will be placed in containers and will be emptied on a regular basis. All solid waste will be transported to a landfill and disposed of in compliance with Federal, State and local requirements, as indicated in Paragraph D, "Waste Disposal Area(s)".
- Chemical waste will be stored in corrosion resistant containers and disposed of in accordance with Federal, State, and local requirements. Discarded materials will be disposed of as approved by the Contracting Officer, and in compliance with Hazardous Waste Laws and Regulations as indicated in Paragraph D, "Waste Disposal Area(s)".
- Disposal areas on government property will be managed and controlled in accordance with the Contract Specifications and other directions.
- [Insert other applicable procedures to be implemented]

b. Preservation and Protection of Historical, Archaeological and Cultural Resources

- Known historical, archaeological and cultural resources within the Contractor's work areas are indicated as follows:
[Insert applicable historical, archaeological, and cultural resources known to be within the work area]
- Protection for these resources will be provided as follows:
[Insert applicable protective measures to be employed]
- If, during dredging activities, items are observed that might have historical or archaeological value, such observations will be immediately reported to the

Contracting Officer so that the appropriate authorities may be notified and a determination can be made as to their significance and what, if any, special disposition of the finding should be made. All activities that may result in the destruction of these resources will be stopped, and all employees will be prevented from trespassing on, removing, or otherwise damaging such resources.

c. Post Construction Clean-Up

- All areas impacted by the dredging activities will be restored to a condition equal to or better than that which existed prior to the dredging operations. Final inspection of each area will be accomplished and all deficiencies will be corrected expeditiously.

d. Restoration of Landscape Damage

- All landscape features damaged outside the limits of construction will be restored as soon as practicable and in accordance with the Contract Specifications.

2. Protection of Air Resources

- a. All dredging activities will be kept under surveillance at all times. All activities, equipment, processes and work operated or performed will be done in strict compliance with all applicable air pollution standards. Burning of trash on site will not be permitted.
- b. All equipment will be operated so that exhaust emissions are held at or below satisfactory levels. All equipment will be properly maintained and tuned for efficiency.
- c. All equipment used in this work will be equipped with satisfactory mufflers and sound abatement devices to reduce engine noise. The dredging operations will be conducted so as to comply with Federal, State, and local laws pertaining to noise.

d. [Insert other applicable procedures to be implemented]

3. Protection of Water Resources

a. Prevention of Water Pollution

- All dredging activities will be kept under surveillance, management, and control, to prevent pollution to surface and ground waters. Management

techniques to prevent pollution will be implemented as follows:

[Insert applicable protective measures to be employed]

- Only materials and equipment that do not violate water pollution standards will be used.
- All areas affected by dredging activities will be monitored on a continuous basis.
- [Insert other applicable procedures to be implemented]

b. Ground Water Protection

- Dredging activities will be conducted so as to preclude ground water pollution. Refer to Paragraph M.2, "Fueling Oil Spill Prevention and Clean Up".
- [Insert other applicable procedures to be implemented]

c. Bilge Pumping

- Any oil discovered in the bilge water will be immediately absorbed using Coast Guard-approved absorbent material and under no circumstances will be pumped into waterways.

4. Protection of Fish and Wildlife Resources

- a. Dredging operations will be kept under surveillance, management and control so no interference or damage will occur to fish and wildlife.
- b. Native habitat or adjacent areas will not be disturbed.
- c. Measures will be taken for protection of species of fish and wildlife that require specific attention.
- d. [Insert other applicable procedures to be implemented]

C. PROTECTION OF ENVIRONMENTAL RESOURCES

The following procedures will be implemented to provide the required environmental protection, to comply with the applicable laws and regulations, and to correct pollution due to accident, natural causes, or failure to follow the procedures of this Environmental Protection Plan:

[Insert applicable procedures to be implemented]

D. WASTE DISPOSAL AREA(S)

1. Solid and/or liquid waste will be disposed of by the following:
[Insert name, address, and telephone number of applicable disposal facility]
2. Chemical waste will be disposed of by the following:
[Insert name, address, and telephone number of applicable disposal facility]
3. Copies of the licenses/permits of the respective disposal facilities are included in Attachment 1.

E. AREA DRAWINGS AND PLANS

As necessary, drawings showing locations of any proposed excavations or embankments for haul roads, material storage, sanitary facilities, and stockpiles of excess spoil materials to assure compliance with this plan have been included in Attachment 2. A work area plan is included, showing the proposed activity in each portion of the area identifying areas of limited or prohibited access.

F. ENVIRONMENTAL MONITORING PLANS

1. Equipment and vehicles will be monitored and kept in proper operating condition to minimize emissions. Equipment will be shut down when not in use.
2. Heating devices will be checked and will be of a type that will not cause pollution.
3. Frequent visual checks will be made for any possible oil leaks/spills, and if found, immediate appropriate action, including reporting, will be taken.
4. Sound and noise pollution will be kept under surveillance and control to minimize damage to the environment by noise.
5. [Include other monitoring plans as appropriate (i.e., turbidity levels, fish and wildlife monitoring, etc.)]

G. TRAFFIC CONTROL PLAN

1. If vehicular transportation is to be utilized, the following traffic control measures will be implemented:
[Insert applicable procedures to be implemented]

2. Traffic control measures at the project site for off-road, state, city and highway traffic may not be applicable, however navigational aids for dredging will be provided as described below:

[Insert applicable procedures to be implemented]

H. METHODS OF SURFACE AND GROUNDWATER PROTECTION

Methods of protecting surface and groundwater during dredging activities are described in Paragraph B.3, "Protection of Water Resources".

I. PROPOSED ACTIVITY PLAN

As applicable, the plan showing the proposed activity in each portion of the work area is described in Paragraph E, "Area Drawings and Plans".

J. RECYCLING AND WASTE PREVENTION PLAN

Every effort will be made to participate in State and local government sponsored recycling programs to reduce the volume of solid waste materials at the source. The following measures will be implemented to reduce consumption of energy and natural resources:

[Insert applicable procedures to be implemented]

K. TRAINING

Personnel involved in dredging activities will be trained in all phases of environmental protection, including, but not limited to, the following:

1. Methods of detecting and avoiding pollution.
2. Familiarization with pollution standards.
3. Installation and care of facilities to ensure adequate continuous environmental pollution control.
4. Instruction in proper use and care of monitoring devices and abatement equipment.
5. Knowledge of all applicable Federal, State, and Local laws, regulations, and permits.
6. [Include other training requirements as appropriate]

L. SPECIES REQUIRING SPECIAL ATTENTION

As described in the project's Section 404 Evaluation, presented below is a list fish and wildlife species that require special attention, along with measures for their protection:

[Insert applicable species, along with protective measures to be implemented]

M. SPILL RESPONSE PLAN

1. General

- a. The following is a list of contaminants that may be encountered/stored onboard vessels during the course of dredging operations, along with the maximum quantities stored and trigger-point quantities at which each contaminant becomes subject to a mandatory reporting procedure:

[Insert applicable contaminants, along with maximum stored quantities and reporting quantities]

- b. If a reportable contaminant spill occurs, immediate notification will be made to the Contracting Officer and other applicable regulatory agencies. The notification will include a description of the material spilled, quantities, location, time, date, containment procedures used, and the proposed cleanup procedures. The following procedures will be used for communicating with the press and other governmental agencies having an interest:

[Insert applicable communication procedures]

- c. The following points of contact will be used for notification, reporting, and communication procedures:

[Insert names, addresses, telephone number, and contact persons for each possible point of contact (i.e., Contracting Officer, U.S. Coast Guard, applicable regulatory agencies, cleanup/response personnel, etc.)]

- d. The following materials and equipment will be immediately available at the job site, to allow cleanup work of the potential hazard(s) identified:

[Insert applicable materials and equipment]

- e. The following methods and procedures will be used for expeditious contaminant cleanup:

[Insert applicable procedures to be implemented]

2. Fueling Oil Spill Prevention and Cleanup

- a. Necessary measures will be taken to prevent oil or other hazardous substances from entering the ground, drainage, or other local bodies of water. Measures will include, but not be limited to, the following:

- Use of a 4-foot square, 16-gauge pan with an 8-inch minimum depth (or comparable method) to ensure that no ground contamination takes place.
 - Use of diversionary structures or equipment for preventing oil discharges from reaching a watercourse.
 - Pans will be cleaned by an approved method immediately after transferring wastes to other containers for proper disposal.
 - [Insert other applicable procedures to be implemented]
- b. Fueling will be done by threaded and cam locked fuel hose. If a spill occurs, immediate action will be taken for containment and cleanup. Such spills will be immediately reported to the Contracting Officer. One or more of the following systems will be provided at each oil storage site, each system capable of containing the contents of the largest single tank:
- Dikes, berms, or retaining walls.
 - Culverting, curbing, guttering, or other similar structures.
 - Spill diversion ponds.
 - Absorbent materials.
 - [Insert other applicable procedures to be implemented]

N. SUBCONTRACTORS

Any subcontractor engaged in the performance of activities associated with this contract will be required to be familiar with this Environmental Protection Plan and to comply with its requirements.

O. NONCOMPLIANCE NOTICE

If a notification of noncompliance is received from the Contracting Officer of any rule, regulation, or element within the Environmental Protection Plan, the Contracting Officer will be informed of the proposed corrective action, and such action will be taken upon approval.

CONTRACTOR QUALITY CONTROL PLAN CHECKLIST

Contract No.

Checklist Item	Included ?			Found on Page(s)
	Yes	No	N/A	
1. A description of the quality control organization, including a chart showing lines of authority.				
2. Acknowledgment that the CQC staff shall implement the three phase control system for all aspects of the work specified.				
3. The name, qualifications (in resume format), duties, responsibilities, and authorities of each person assigned a CQC function.				
a. CQC System Manager				
b. Alternate CQC System Manager				
c. Individual(s) responsible for certifying that all submittals are in compliance with the contract requirements.				
d. Individual(s) responsible for executing contract modifications.				
e. Individual(s) responsible for certifying payment requests.				
f. Others				
4. Documentation that the CQC System Manager and Alternate CQC System Manager have completed the course entitled "Construction Quality Management For Contractors".				
5. A copy of the letter to the CQC System Manager signed by an authorized official of the firm which describes the responsibilities and delegates sufficient authorities to adequately perform the functions of the CQC System Manager, including authority to stop work which is not in compliance with the contract.				
6. The CQC System Manager shall issue letters of direction to all other various quality control representatives outlining duties, authorities, and responsibilities. Copies of these letters shall also be furnished to the Government.				
7. Procedures for scheduling, reviewing, certifying, and managing submittals, including those of subcontractors, offsite fabricators, suppliers, and purchasing agents.				
8. Control, verification, and acceptance testing procedures for each specific test to include the test name, specification paragraph requiring test, feature of work to be tested, test frequency, and person responsible for each test.				
9. Name and address of proposed laboratory facilities to be utilized.				
10. Procedures for tracking preparatory, initial, and follow-up control phases and control, verification, and acceptance tests including documentation.				
11. Procedures for tracking construction deficiencies from identification through acceptable corrective action. These procedures shall establish verification that identified deficiencies have been corrected.				
12. Reporting procedures, including proposed reporting formats. At minimum, the QC Report presented in the contract specifications shall be utilized.				
13. Proposed subcontractors and the associated activity of work which the subcontractor will perform.				
14. A list of the definable features of work.				
15. Contract specific items				

CONTRACTOR QUALITY CONTROL PLAN TEMPLATE

ITEMS INDICATED IN RED TEXT ARE TO BE COMPLETED BY THE CONTRACTOR. INDICATE “N/A” IF NOT APPLICABLE.

NOTE: A Microsoft® Word file of the Contractor Quality Control Plan Template is included in the folder entitled “Template” on this CD-ROM.

CONTRACTOR QUALITY CONTROL PLAN

Contract No. W912P4-04-B-0003

CONNEAUT HARBOR MAINTENANCE DREDGING

Name of Contractor

A. Quality Control Organization

Name, President

Name, Vice President

Name, Quality Control System Manager

Name, Alternate Quality Control System Manager

Name, Site Superintendent

Name, Responsible for preparation and certifying pay estimates

Name, Responsible for executing contract modification

Name, Responsible for certifying contract submittals

A chart showing lines of authority is attached to this CQC Plan.

B. Resumes of the following individuals are attached to this CQC Plan:

1. CQC System Manager
2. Alternate CQC System Manager
3. Individual(s) responsible for certifying payment requests.
4. Individual(s) responsible for executing contract modifications.
5. Individual(s) responsible for certifying contract submittals.
6. **Others**

C. **[Applicable if the contract amount exceeds \$1 million]** The CQC System Manager and Alternate CQC System Manager have completed the course entitled "Construction Quality Management For Contractors". Copies of their course certificates are attached to this CQC Plan.

D. A copy of the letter to the CQC System Manager and Alternate CQC System Manager, signed by an authorized official of the firm, which describes the responsibilities and delegates sufficient authorities to adequately perform the functions of the CQC System Manager, including authority to stop work which is not in compliance with the contract is attached to this CQC Plan.

E. Copies of the CQC System Manager letters of direction to all other various quality control representatives outlining duties, authorities, and responsibilities are attached to this CQC Plan.

F. The following subcontractors will be utilized on this project:

Name of subcontractor

Work to be completed by this subcontractor

G. The CQC staff will implement the three phase control system for all aspects of the work specified. The three phase control system is described in detail in specification section 02481. Additionally, the following procedures will be used to monitor dredging quantities and locations to ensure that limits and quantities specified by the Contracting Officer are attained:

[Insert description of intended quantity and location monitoring procedures.]

H. The Major Definable Features of work for this project are identified in a table attachment to this CQC Plan.

I. For payment purposes, the Bid Items have been broken down into a Schedule of Values. The proposed Schedule of Values is identified in a table attachment to this CQC Plan.

J. Preparatory and Initial Phase inspections will be tracked utilizing the table attached to this CQC Plan.

K. Deficiencies will be tracked from identification through acceptable corrective action utilizing the table attached to this CQC Plan.

L. Submittals will be tracked utilizing the Submittal Register attached to this CQC Plan.

M. The CQC Report attached to this CQC Plan will be utilized. CQC Reports will be prepared daily and submitted to the Government Representative. Other reports to be attached to the daily CQC report are:

Preparatory Phase Inspection Checklist

Initial Phase Inspection Checklist

Others as appropriate

N. Plan of Operations - The following Plan of Operations will be used for dredging operations:

[Insert description of intended Plan of Operations to be implemented, including, but not limited to, equipment to be used, specific dredging areas, sequence of operations, cut lines and anticipated quantities, etc.]

O. List any other contract specific items

Hydrometer Analysis Data

Separation sieve is number 10
Percent -# 10 based on complete sample = 97.7
Weight of hydrometer sample: 65.6
Hygroscopic moisture correction:
Moist weight & tare = 85.03
Dry weight & tare = 84.81
Tare = 14.10

Hygroscopic moisture= 0.3 %
 Calculated biased weight= 66.93
 Table of composite correction values:
 Temp. deg C: 22.0 23.0
 Comp. corr: - 6.5 - 6.0

Meniscus correction only= 1

Specific gravity of solids= 2.67

Specific gravity correction factor= 0.995

Hydrometer type: 152H Effective depth L= 16.294964 - 0.164 x Rm

Elapsed time, min	Temp, deg C	Actual reading	Corrected reading	K	Rm	Eff. depth	Diameter mm	Percent finer
2.0	23.0	21.0	15.0	0.0131	22.0	12.7	0.0329	22.3
